INTRODUCING SIMPLY CARIBBEAN

I can hardly believe that it's ten years since I started Simply Caribbean, but perhaps that's an indication of just how passionate I am about my business and my clients. I didn't want this important milestone to go unmarked, so we've created this beautiful portfolio of some of our favourite destinations to share with you.

As well as introducing you to the very best of the Caribbean, we also want to tell you more about us. Like the properties in this brochure, Simply Caribbean is something of a hidden gem, based in the Sevenoaks area so, if you're looking for a personal service from a trusted tour operator, we're right here on your doorstep.

My life experience has honed my expertise: as a mother of four who worked in the City for fifteen years, I know what's important to families as well as business executives. I have a deep love of the Caribbean as my mother is from St Lucia and I still have extensive family in the region. By specialising in one area, there's a genuine difference in the level of service and knowledge I provide; the fact that so many clients come back to us year after year speaks volumes.

There's nothing more rewarding than helping make people's holiday dreams come true and I very much hope that you feel inspired to put us to the test.

N Griffin

Natasha Griffin - Managing Director

WHY THE CARIBBEAN?

While holiday fashions come and go as travel hotspots fall in and out of favour, the Caribbean is one of a handful of bucket-list destinations which is deservedly enduring in its allure. For decades it has enchanted visitors with its friendly welcome and awe-inspiring vistas, but perhaps its most appealing characteristic is the sheer variety to be found among its idyllic islands.

Of course, the instantly Instagram-able pristine beaches, warm clear waters and tropical landscapes are ubiquitous in the region, but every island has something different to offer in character, culture, climate and cuisine. Courtesy of their chequered histories of invasion, colonisation, trading patterns and – ultimately – independence from other nations, the Caribbean islands are a glorious fusion of languages, flavours, musical and artistic traditions garnered from Britain, France, Spain, Africa and South America.

If you are celebrating a special occasion, planning a wedding or have particular requirements (e.g. accessibility issues), leave all the arrangements to us. Thanks to our in-depth knowledge and excellent contacts, we will go the extra mile to make sure that every aspect is taken care of.

As you will see from this beautiful brochure, we have chosen a stellar selection of hotels and resorts to spark your imagination. However, these are the edited highlights of just seven Caribbean countries and a few standout properties in each, but rest assured that this is only a tantalising taster of our full portfolio.

Insider knowledge

It takes years to get to know the individual countries and their unique characteristics, but our clients benefit from our lifetime of accumulated knowledge. We offer a truly personalised service, helping to find you the perfect destination, whether travelling alone, as a couple, a family or with a group of friends. We hone our recommendations to meet your exacting requirements, taking the time to understand exactly what you want from your holiday experience – relaxation, inspiration, invigoration, exploration – and tailor everything accordingly.

GETTING THERE

With a flight time of eight to ten hours from the UK, the Caribbean is an accessible piece of paradise. There is an excellent range of direct flights, or we can work with you to choose a stopover, should you wish to combine your trip with (for instance) a shopping spree in New York or a visit to Disney World Florida. As a fully-bonded tour operator, we are a preferred partner of British Airways and Virgin Atlantic, enabling us to secure the best price for your flights while maximising flexibility. Alternatively, if you prefer to use your frequent flyer points and book direct, we can coordinate your accommodation and transfers.

BA offers a range of cabin classes, from World Traveller and World Traveller Plus to Club and First. The airline operates regular direct flights from Heathrow, Gatwick and a range of other UK airports to several Caribbean destinations. Depending on your budget and needs, we can secure the best price seats for your trip and handle all other arrangements on your behalf e.g. seat choice, lounge access, meal selection, check-in and transfers. So, sit back, relax and enjoy the journey.

Virgin Atlantic also flies regularly to the Caribbean from around the UK, with four classes of travel: Economy Delight, Economy Class, Premium and Upper Class. Again, we can identify the best option for your travelling needs and make all the necessary preparations to ensure that you have a smooth and enjoyable journey to your destination. With over 300 hours of on-demand entertainment, well-equipped cabins and a reputation for excellence, your holiday starts as soon as you take your seat.

Transfers

Once you land, we will arrange the transfer to your chosen accommodation. In many locations there is an option of taking a helicopter, a truly spectacular way to get the first glimpse of your island paradise. Alternatively, an air-conditioned luxury taxi or mini coach will take you to your hotel or, for some islands, a boat transfer. However you choose to travel, your journey across or around the island is a wonderful way to soak up the stunning Caribbean scenery.

GRENADA

As the 'Spice Island' of the Caribbean, Grenada has all the richness and flavour this moniker suggests. Smaller than the Isle of Wight, it packs plenty into its compact dimensions, including nutmeg and mace plantations, rainforest and waterfalls. The beaches are beautiful oases of relaxation, with lapping waters, fine sands and tropical vegetation and they never feel crowded, even during peak season.

Top Tips

- Perfect for nature-lovers
- Home to the world's first underwater sculpture park
- Very little traffic and only three sets of traffic lights!
- Some hotels close during the low season of September and October

Our view

One of the most treasured aspects of Grenada's landscape are the jaw-dropping waterfalls which hide within the island's interior. Either take a guided hiking tour or strike out on your own to luxuriate in the cool, cascading waters. Other eco attractions include the Grand Etang lake and forest reserve which are located high up in the mountainous interior of the island, and the 450-acre Levera National Park which is an important wildlife habitat and reputed to be Grenada's most spectacular coastal area.

Spice Island Beach Resort

★★★★★ GRENADA

It's plain to see why this all-inclusive luxury resort is Grenada's only recipient of the AAA Five Diamond Award. Built by Sir Royston Hopkin and still owned and run by the family, Spice Island embodies its founder's penchant for perfection and there are a host of personal touches which make guests feel special. From the fine dining and indulgent spa to the spacious suites, this is the very best home-from-home.

VILLAS

We have an extensive portfolio of premium villas available to rent in St Lucia, Barbados, Antigua and Grenada, offering a luxurious home-from-home holiday experience, with or without staff.

Our villas range from stunning townhouses in typically vibrant Caribbean colours, to beautiful beachside residences situated right on the sand. With options including private pools, air conditioning, games rooms, tennis courts, state-of-the-art technology and much more, you will be spoilt for choice. Whatever the size of your party, we have beautiful homes (with between one and ten bedrooms) which will comfortably accommodate you. For larger groups or wedding parties it is often possible to rent adjacent properties so you can be near your friends and family while also enjoying your own space.

Many of our villas are fully-catered, with fulltime housekeeping and kitchen staff ready to provide a hotel-style service within the home environment. We can also arrange childcare, excursions, activities and sports tuition. If you have a particular passion, such as golf or tennis, we can ensure that world class facilities are on your doorstep.

Star Clippers

If you're struggling to decide which of the Caribbean islands to visit, why not do a spot of island-hopping onboard a majestic tall ship? Star Clippers operates a fleet of three beautiful sailing vessels, for the ultimate in romantic cruising. Combining the authenticity of traditional sailing with all the luxury and comfort of modern cruise ships, these impressive four- and five-masted ships are the ultimate way to travel.

Depending on the itinerary you select, you will visit a wide range of Caribbean islands; even better, these smaller vessels can access many of the islands, ports and beaches where the much larger cruise ships can't go, so you can really get off the beaten track. Alternatively, unwind on the expansive teak deck, take a dip in the swimming pool, or sign up for diving, snorkelling, kayaking and a host of other activities.

Choose from Royal Clipper, which carries 227 guests, or sister ships Star Clipper and Star Flyer, each with the capacity for 170 guests. Equally luxurious in style, all the boats provide plush, ensuite cabin accommodation, along with inviting restaurants, bars and communal areas, not to mention five-star service.
